## Unique pricing model

### Germany's largest independent energy buying community.

With us, businesses come together with the aim of lowering their energy costs.

We combine the energy demands of our 28,000 members to buy electricity and natural gas together.

As an **independent buying community**, we always buy our energy from the trading platforms where it is currently at its cheapest. This enables us to access **the same conditions** as **big industry**. The purchasing prices we achieve are passed on every month on a 1:1 basis to our members.

### Our performance guarantee for you

- **The best energy price**
- Independent procurement
- Buying advantages through collective energy purchase
- Passing on of purchase prices on a 1:1 basis
- Easy to change provider – without any effort needed from you!
- No complex tariffs
- No monthly standing charge
- No risk surcharges

With e.optimum, the advice is always good!

## You profit too!
